

**LOGISTICS SUMMIT 2020**  
**Innovate | Invest | Transform | Grow**  
**5 May 2020, Hotel Eros, New Delhi**

**Concept Note**

As we stand at the helm of the new decade, the Indian Logistics industry is facing newer challenges like changing customer needs and profiles, availability of right talent pool and financial capital, emergence of new age players, rapidly evolving and innovative business models and dynamic competition. The industry is witnessing a phase wherein 'growth' has newer dimensions apart from business profitability to include,

- o Creating value for all stakeholders
- o Innovating to grow an inclusive and socially responsible manner
- o Growing in a sustainable manner

The aim of the summit will explore and debate on the 3 main themes:

**Session I: Indian logistics sector's readiness in capitalizing on growth opportunities**

**Session II: Major Transformational Themes**

**Session III: Key levers influencing innovations in business models**
