I am thankful to CII for preparing me to be a Kaizen Practitioner. All the skill which I had acquired from this course was very useful and it helped us to reduce cost.

*Mr. Pradeep
Project Head, Yamato Logistics India Pvt. Ltd*

The training was instrumental in bringing the practice of Kaizen into the Warehouse context. It has helped me understand how to grasp the current situation and making an improvement plan. The material was practical to my role. The active learning aspect through implementation of a project is unique.

*Mr.VictorMaina
Industrial Engineer & Kaizen Coordinator, Isuzu*

Sessions are very good and interactive. The subjects covered is almost all the areas of warehouse related activities and supporting departments. Will start looking every activity in improvement angle so that chances of simplification of that process. Interacting with other people of outside the organization and their practices is most interesting part of this program.
